NEW B. & O. SHOPS TO BE ERECTED IN NEAR FUTURE

**Confirmation of Report of Newark's
Good Fortune Received by Advocate
Wednesday Afternoon**

WILL EXPEND \$2,000,000 IN IMPROVEMENTS

**Work Will Begin on Buildings Soon--Columbus
Made Bid for Shops But This City Thought
Most Logical Point--Good Work of
Board of Trade.**

Baltimore, Md., Dec. 21.—The Baltimore and Ohio Railroad company will soon begin the erection of several repair shops at Newark, Ohio, at a cost of from one to two million dollars. This information was given out today to the Advocate correspondent by the officials of the Maintenance department at the Baltimore and Ohio central offices here. Just when work will begin could not be definitely stated. The B. & O. company finds that the additional shops will be necessary because of the increased trackage in the west.

Columbus made a bid for the shops, but it was decided to erect them at Newark, as the location is believed to be best for the road's purpose.

While this confirmation is given as stated, no statement could be secured today from the president or from the new general manager, Mr. A. W. Thompson, and it is understood here that absolute assurance of the selection of Newark can not be given until either the president or the general manager so announces. It seems altogether probable, however, that Newark will get this big prize which means much to Newark's business and property interests.

Baltimore, Md., December 21.—Officials of the Baltimore and Ohio Railroad the ground it was thought best to locate them at Newark, Ohio. It is more than likely that construction work on the new shops will be started some time in the spring. The improvement will cost in the neighborhood of \$2,000,000, including the purchase of machinery.

The additional shops will be utilized in making repairs to both cars and locomotives on the Western divisions of the Baltimore and Ohio. There was some talk of selecting Columbus, Ohio, as a site for the new shops, but after looking carefully over the ground it was thought best to locate them at Newark, Ohio. It is more than likely that construction work on the new shops will be started some time in the spring. The improvement will cost in the neighborhood of \$2,000,000, including the purchase of machinery.

and O. company about \$12,000 more each year for transportation and fuel than if the shops were here. In other words these 700 to 800 engines would have to be carried 25 miles farther if the shops were in Columbus instead of Newark. Besides the cost of transportation of the engines and the fuel there would be the additional cost of coal for the shops and materials used in the shops by reason of this 25 miles extra haul. What is true of Columbus' location is more true of Chicago Junction and other points that have been considered. Newark is the logical point and has at all times been so regarded by many of the B. and O. officials.

The proposed shops, it is estimated, will cost from two to two and one-half million dollars. The number of men employed will probably be 2,000 or more. Should the number be 2,000 it is safe to say that the population of the city will be increased 8,000 to 10,000 people to say nothing of additional families and people who would be attracted here by reason of the location of the shops. The shops will mean many thousands of dollars in a monthly payroll—shops that will operate continuously the year round. It will add greatly to the value of real estate and be a stimulus to business such as Newark has never known.

The proposed Baltimore and Ohio improvement was the subject of extended discussion at the recent annual meeting of the Newark Board of Trade which for a year has been in touch with the situation and which has done everything possible to present Newark's claims and advantages to the B. and O. officials. Because of the effort put forth by other cities the Board of Trade asked that Newark's efforts be kept out of the newspapers and it was the sense of the meeting that no publicity be given the matter at that time.

An Advocate reporter talked with a number of Baltimore and Ohio Railroad men concerning the proposed removal of the shops to Newark. All were enthusiastic and were of the opinion that if they could be secured it would be the biggest thing in the history of the city.

It is said the railroad company will not ask a money consideration in their selection of a location for their shops. All they want is a central location, where their men can be properly taken care of. It is understood that the street car company will be willing to extend their tracks to the location of the new shops, and that it will also agree to furnish all necessary equipment for the transportation of the men to and from their work. In addition the street car company will agree to furnish storage room for cars that may be needed for special occasions.

It is understood of course that any arrangement looking to this end, will have to be made by the Board of Trade with the street car company.

Not only are the business men and property owners of the city interested in securing these mammoth shops, but it is to the interest of every working man in the city, the majority of whom own their own homes, to work to this end.

REBELS HOLD THE POSITION

South Bend, Ind., Dec. 21.—All of northern Indiana is in the grasp of a severe blizzard. Ten inches of snow have fallen in this city and there is great delay in the interurban lines.

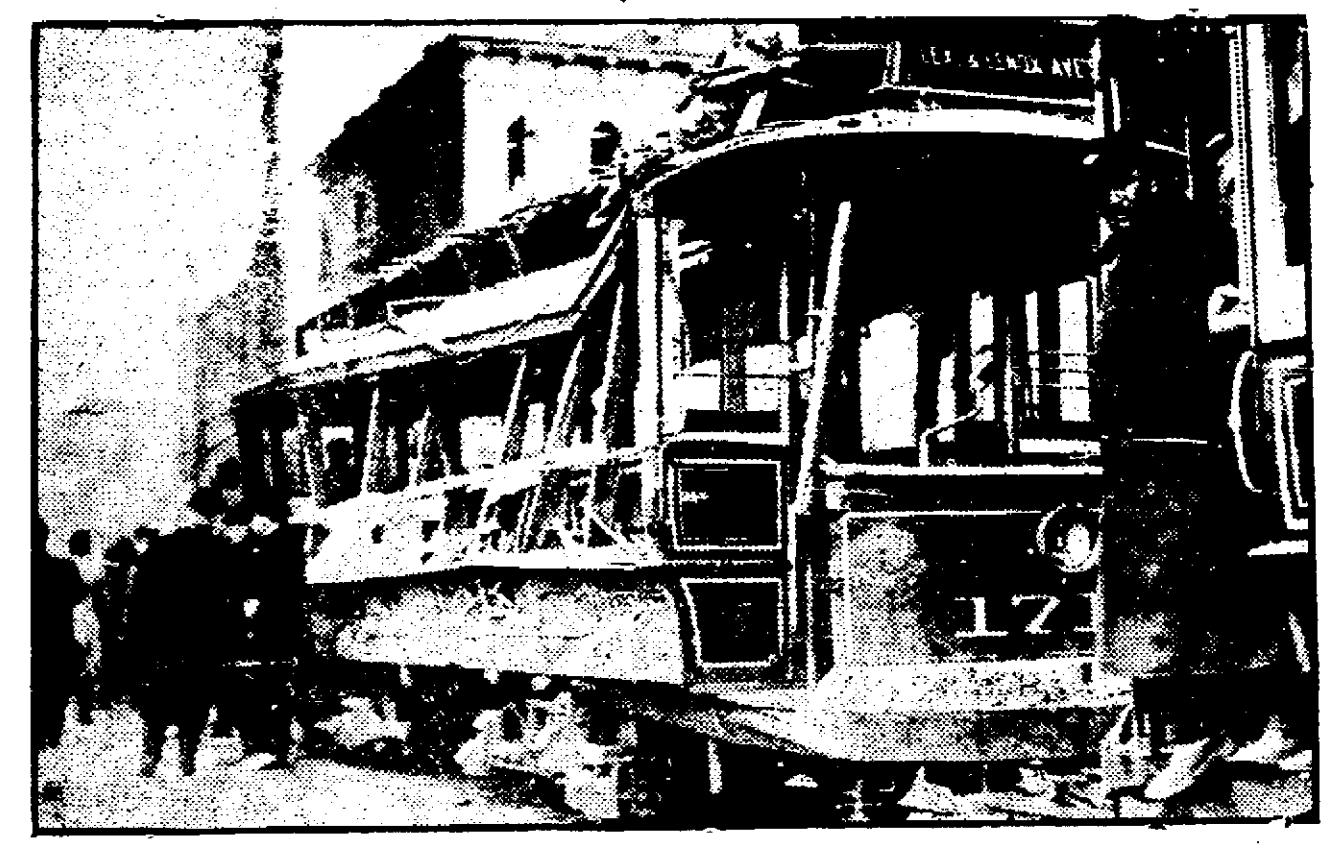

CRUSHED TO DEATH

Aaron, Dec. 21.—William Wagner, an employee of the Kirk Company's department store, was caught between the floor and the ceiling in the company's warehouse. Last night he was crushed to death. A part of the floor had to be cut away by firemen to remove the body.

DAMAGING FLAMES GUT CINCINNATI BUSINESS DISTRICT EARLY TODAY

Cincinnati, Dec. 21.—Fire destroyed the Krippendorf-O'Neill shoe factory, the Taylor Pool Leather Company and the Twinnock Company buildings early today. Besides these nine other buildings were partially destroyed. Two lives were lost, ten firemen were injured and the damage will exceed two million dollars. At seven o'clock the entire Cincinnati fire fighting force had gained control of the fire. The blaze started in the Krippendorf-O'Neill factory and fired the Taylor Pool Co. Later the Krippendorf walls collapsed, burying two

BELIEVED 250 COAL MINERS HAVE MET DEATH BY EXPLOSION

Manchester, Eng., Dec. 21.—Two hundred and fifty coal miners are believed to have been killed in an explosion which today wrecked the Pretoria mine, 25 miles northeast of Liverpool. About 300 men were at work at the time. The explosion was followed by fire and within a few minutes flames were leaping out of the shaft to a height of 80 feet. The shaft was choked by wrecked cages, practically destroying the ventilating apparatus and forcing the rescue parties back.

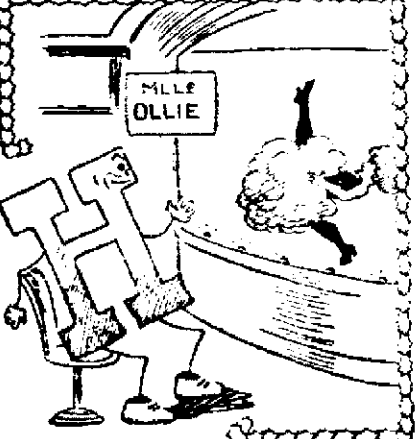

Entrance was finally effected through another mine, but the rescuers were greatly hampered by the fire and the danger of more explosions. Seven men were rescued near the mouth of the mine. Most of the victims encountered were dead and those removed alive could give no clue to the cause of the explosion.

Assistant Manager Houston died leading a rescue party. He wore no helmet and the gases killed him. Up to a late hour only ten men had been rescued alive.

MILLIONS GIVEN FOR EDUCATION

**Rockefeller Completes
Task of Founding Un-
iversity of Chicago**

GIFTS TOTAL \$35,000,000

**OH King Announces That School
Should be Supported by the
Gifts of Many.**

Chicago, Dec. 21.—John D. Rockefeller has completed the task he set for himself in the founding of the University of Chicago. Public announcement has been made of a single and final \$10,000,000, which includes all the contributions that Mr. Rockefeller had planned to make to the university. This sum, which is to be paid in ten annual installments, beginning January 1, will make a total of approximately \$35,000,000 that Mr. Rockefeller has given to the university.

Mr. Rockefeller says he now believes that the school should be supported and enlarged by the gifts of many, rather than those of a single donor. This he believes will be better accomplished if the public understands the limit of his contemplated assistance. The founding of new departments he leaves to the trustees, as he says funds may be furnished by other friends of the university.

Up to the present time nearly \$7,000,000 has been given to the university in addition to Mr. Rockefeller's gifts.

With the announcement of Mr. Rockefeller's final donation came the resignation of John D. Rockefeller Jr. and Fred T. Gates, Mr. Rockefeller's personal representatives, from the university board of trustees.

In enclosing these resignations Mr. Rockefeller explained that he was only carrying out a conviction that the institution should be "controlled, conducted and supported by the people" with whom, up to this date, he had simply been co-operating.

Mr. Rockefeller's idea, as it is understood, is that he is turning over the institution and its endowment to Chicago and the west, and in so doing, withdraws from any further representation in its control.

The official announcement of the benefaction was made at the quarterly convocation of the university.

President Martin A. Ryerson of the board of trustees read a letter from Mr. Rockefeller. It was dated Dec. 13, and was addressed to the president and trustees of the University of Chicago.

Mr. Rockefeller's letter follows: I have this day caused to be set aside for the University of Chicago from the funds of the general education board, which are subject to my disposition, income bearing securities of the present market value of approximately \$10,000,000, the same to be delivered to the university in ten equal installments beginning on January 1, 1911, each installment to bear income to the university from the date of such delivery only. A list of these securities is appended herewith. In a separate letter of every date my wishes regarding the investment of these securities.

Number of Different Defenses Made to Claims of Etherington Administrator—Court News.

In the case of the administrator of the estate of Etherington, which suit was commenced in the United States court at Cincinnati, the list of commissioners of the county, Wednesday afternoon filed its answer in said court. Five or six different defenses are set forth in the answer, one being that Etherington was not a citizen of Kentucky at the time of his death, but that he was a citizen of Ohio. Another defense is that he was possessed of no property in Kentucky and therefore could not legally have an administrator in Kentucky.

SOCIETY

Mrs. Edward Woodward of 155 East Main street will entertain the Ladies' Division club, Thursday afternoon at 2 o'clock. All members are expected to be present.

The Monday Afternoon Sewing club was entertained on the club day by Mrs. Howard Jones of South First street. Needlework was the feature of the afternoon and a delicious reception was served. The guests of the club were Mrs. Fred Woodbridge, Mr. Jackson Lewis and Miss Maudie Sticker.

The Monday Bridge club was entertained Monday afternoon by Mrs. F. A. Grandle of North Fourth street. After an interesting contest, the prize was awarded Miss Alice Beckman. Dainty refreshments were served. The club has discontinued its meetings until after Christmas.

The Cotillion club danced at Assembly Hall on Tuesday evening and a large number of the members of the club spent an enjoyable evening. Music was furnished by Marsh's orchestra and a delicious supper was served in the balcony.

Among the dancers were Messrs. and Mesdames: Edward Shortell, George Nichols, Dwight Williams, Walter Coffman, Carey Bricker, David Taylor, John Higgins, J. D. Hader, J. S. Shier, Bernard McDonough, Harry Rossel, Edward McDonald, W. L. Lewis, E. E. McElroy, W. Dowd, G. E. Besancenev, E. W. Maurath, W. F. Eblor, G. A. Granville, O., Dec. 21.—The annual Christmas party given by the active members of the Kappa Phi sorority of this place for the new Freshman girls of the college, held at the lodge of the sorority on Cherry street Tuesday evening, was one of the most brilliant social functions of the present college semester. The cozy little lodge, a dream in itself, was decorated with potted palms, holly, mistletoe and red candles and presented a most beautiful and attractive appearance. The fire was cheerful in the old fashioned fire place, while the mantel was bedecked with holly and red berries. Those in the receiving line were Dean Loveridge, Hesperia Houghman, Mamie Geach, Marion Rose of Granville, Kathleen Simms of Dayton, and Katharine Critchfield of Mt. Vernon. Punch and a delicious luncheon were served during the evening by Misses Caroline Hunt, Margaret Colwell, Florence Carney, Juliet Besuden, and Glaipe Geach. Marsh's orchestra of Newark furnished the music, which added much to the enjoyment of the occasion. The out of town guests were Misses Helen Lamson of Toledo, Sue Theobald of Canton, Katharine Critchfield of Mt. Vernon, Nellie Walcutt and Berandine Hall of Columbus, Ann Davis, Annette Besuden, Mary Neil, Florence Montgomery of Newark, and Miss Parsons of the College.

The A. I. U. dance club will give its Christmas dance Thursday evening. The hall is being artistically decorated for the occasion.

Mrs. James E. Thomas is today celebrating the eightieth anniversary of her birth. BURKETT—SCHMUTZLER.
Mr. and Mrs. Thomas H. Burke t, whose marriage occurred last Thursday, will return within a few days from Mansfield and will be at home to their friends at 25 Summit street. Mr. Burkett is a well known B. and O. brakeman. The bride was formerly Miss Ethel Schmutzler. The wedding ceremony was performed at 7:25 o'clock last Thursday evening at Holy Trinity parish by the Rev. C. C. Roof, and the announcement proves a pleasant surprise to the many friends of the popular couple.

Certain Cure for Nasal Catarrh.

Nasal catarrh is both contagious and embarrassing. Here is a remedy which promptly cures, soothes and heals the nasal passages without destroying the delicate lining membrane. Obtain a box of our well-known "Nasal Catarrh" remedy. Use a little teaspoonful of the powder in warm water. Steam up the nostrils with a towel. Apply two or three times daily and catarrh will vanish. Gives a delightfully clear feeling and makes breathing easy.

Food That Lies

In the stomach undigested food lying on a stick of fat, a path in the back of the kidneys, biliousness, sour stomachs, coated tongue, foul breath, nervousness, sleeplessness, irritability and a long train of ills, because the bowels are clogged and the food consumed has not been.

Quickly Eliminated.
The use of my sweet little pill will soon correct all these symptoms and bring about a good healthy, vigorous digestion and a daily movement of the bowels, which is necessary for continued good health and energy. Your good health will be quickly restored.

Rice Waffles. To one scant cupful of cold boiled rice add one cupful and a half of milk, stirring that there may be no lumps. Add one-half of a teaspoonful of salt and two well beaten eggs, sift in two cupfuls of flour. Add one tablespoonful of butter, melted and two heaping teaspoonfuls of baking powder. Bake at once.
Mince Meat. Two pounds of cold boiled fresh tongue chopped very fine; one pound of finely chopped suet, five pounds of pared and chopped tart apples, two pounds of seeded raisins, one pound of sulfura raisins, two pounds of cleaned currants, one pound of shredded citron, two tablespoonfuls each of cinnamon and nutmeg, one tablespoonful each of clove and allspice, one tablespoonful of salt, three pounds of brown sugar, one quart of sherry, one pint of brandy. Mix well together and pack in a stone crock.

HEADS WAR ON PARCELS POST

The American League of Associations, a powerful organization of mercantile concerns, has started a vigorous campaign against the proposed establishment of local rural parcels post service. A big fund has been procured. Edward B. Butler, of Chicago, is president and will direct the attack.

GOOD CROWDS ATTENDING THE BIG CORN SHOW

Which is Being Held in Brennan's Hall in Conjunction With Poultry Association.

Considerable interest is being taken in the fourth annual corn show of the Licking County Corn Breeders' Association, which is now in full swing in Brennan's Hall, corner of Fourth and West Main streets, in connection with the show of the Licking County Poultry Association. The hall was crowded all day Wednesday with farmers and others, and the indications now are that the show which will continue until Saturday night will be a great success.

Quite a number of entries of the different varieties of corn have been made and the secretary, T. A. Adams, has been busy engaged in registering them. Mr. Alex Wilson is the efficient superintendent, while Mr. Wm. Hall, who is one of Licking county's most up-to-date and successful farmers, is the president of the association. The largest entry of corn made thus far is that of the Red Yellow Dent variety, which is a favorite show corn and is attracting considerable attention.

There are quite a number of entries of single ears, and there is a special utility class for farmers, regardless of scoring.

The present exhibit of corn will be taken to Columbus and shown at the State Corn Show, to be held in that city next month. Following the state show the exhibit will be entered in the National Corn Show, to be held in Columbus.

The Licking County Association has already won the state trophy twice and should it succeed in winning it again, it will become the permanent property of the association.

GREAT STRIKE MAY BE CALLED THIS EVENING

Chicago, Dec. 21.—Warren Stone, grand chief of the B. L. E., declared today that if decisive steps toward settlement with the road had not been taken by tonight, 22,000 engineers on 61 western roads would take "short, sharp, decisive action." Labor Commissioner Neill says he is doing what he can to prevent a strike but cannot discuss his progress.

BRONCHITIS

To Whom It May Concern.

Blueville, Ont., May 4, 1910. "I was sick for two years with chronic bronchitis and a consequent run-down condition. I received no benefit from doctors or from a trip which I took for my health and I had to give up work. Vinol was recommended and from the second bottle commenced to improve—I gained in weight and strength, my bronchial trouble disappeared, and I am at work again. I want to recommend Vinol to anyone who is in need of such a medicine." Thomas Higgins. (We guarantee this testimonial to be genuine.)

It is the combined action of the curative elements of the code's liver aided by the blood making and strength creating properties of tonic iron contained in Vinol which makes it so successful in curing bronchitis.

Vinol is a constitutional remedy for chronic coughs, colds, bronchitis and pulmonary troubles, not a palliative like cough syrups.

Vinol contains no oils or drugs and is far more efficacious than cough mixtures, because it cures the cause. Try it. If you don't think it helps you, we will return your money. F. D. Hall, druggist.

FOSTORIA ELKS IN MINSTRELSY

The Fostoria Elks will give a three

night's minstrel show during Febru-

ary, the proceeds from same to go to

the Fostoria humane society.

The Fostoria lodge is noted for the

excellent shows which it has staged

for the past six years and on the eve-

nings when its members take part the

house is crowded, the seats usually

having been sold out days previous to

the attraction. Owing to this fact it

was decided this year to give three

nights instead of two in order that all

their friends might be enabled to wit-

ness the performance. Two of the

stellar lights of this year's minstrel

will be the Keltner Brothers, well

known in Newark, having made this

city for a number of years in the in-

terest of a Fostoria glass house, Clyde,

who tips the scales at something near

three hundred, will do a black face

turn while his brother Harry, a

light weight, will do a Frank

Daniels stunt, entitled "The Girl in the

Train." Several local Elks expect to

witness the entertainment.

**HURLED ROCKS
THROUGH WINDOWS
OF RUTLEDGE STORE**

When those connected with the clothing store of Rutledge Brothers, in the George Mackley building, on the South Side of the Public Square, arrived at the store Wednesday morning they found that some one had hurled rocks through the big plate glass windows, both on the east and west sides of the main door. The loss will amount to between one hundred and fifty dollars and two hundred dollars. No insurance. Both the Rutledge Brothers are unable to advance any theory as to what object any one might have in committing such a crime.

**LEGAL HOLIDAYS
GALORE NEXT YEAR**

A 1911 calendar just out, which has all the holidays marked, both religious and secular, patriotic and popular, reveals the rather remarkable fact that there is only one month in the year without a holiday of importance. Some have as many as five that are remembered in some part or parts of the country. August is the month that has no holiday. It happens, however, that this is a favorite summer vacation month which tends to equalize things. The longest unbroken stretch in the year is from July 4 to September 1, which is Labor Day, January has three, including R. E. Lee's and McKinley's birthdays; February has four, Groundhog day; March recognizes Ash Wednesday and St. Patrick's day; April has five, mostly church holidays; May has Mother's day, Peace day and Memorial day; June recognizes Flag day and the first day of summer; September has Labor day, and the Jewish New Year; October has Yom Kippur, Discovery day and Halloween; November has election day and Thanksgiving, and December closes with the one and largest day of the year.

SHAKERS
Considering Plans to Give State Valuable Farm Property for Agricultural Experiment Station.
Lebanon, Dec. 21.—Heads of the Shaker colony at Union village are considering offering farm property valued at \$1,000,000 to the state of Ohio, to be used as an agricultural experiment station. This is admitted by Judge R. A. Rinehart, trustee of the Shaker colony, who says that they will not return that of survivors of the Shaker colony be cared for by the state until they die, and that the state appropriate enough money to support the station if it should prove non-supporting.
Real estate dealers are said to be trying to influence the Shakers against the deal.
Why not give your mother or sister a nice console? Levitt & Bowman have the best models at \$1.00 to \$2.00. 21-23

SENATE WILL CONFIRM.
Washington, Dec. 21.—A favorable report to the senate for the confirmation of Chairman Mann of the Interstate Commerce Commission as presiding judge of the commerce court, was adopted by the senate committee on judiciary.
"The Times" reported that the best remedy for the Shaker colony was to be sold to the state of Ohio. Mrs. L. W. Rinehart, N. Y.

Stenographers, of whom Uncle Sam never gets enough, are the subject of a special plan in the issue of the government bulletin to help wanted. Recently the government has put a ban on women stenographers. Emphasis is laid on the fact that a government particularly wants men who will work in Wash-

ington for \$5.10 to \$6.00.
Among others who are wanted is an assistant laboratory chemist, who will get from \$1,000 to \$1,400 a year. And her is an assistant curator in the division of plants in the National Museum. This job is worth \$1,600 a year. Assistant geologist is another good paying job. It is worth \$1,625 annually. A junior topographer is wanted, pay \$720 to \$1,200. An assistant for the National Museum will get \$1,600. The best job of all, from a money view point, is superintendent of the light-house service. He can have from \$1,000 to \$2,100.
The only woman that Uncle Sam needs is a cook. For work in the Indian service he will pay from \$150 to \$200.

MATT RIEGGER HAS EXPERIENCE WITH LICKING BEAR

A number of hunters of Licking county discovered a black bear in the vicinity of the old gold field, southeast of town.

Jack Stanford and "Babe" McKenna brought the word to Newark, and gave a thrilling account of their experiences.

Both insisted that the brain that was discovered was a dangerous beast which caused Stanford to climb a tree where he remained until dark.

McKenna ran home and solicited the services of Matt Riegger, who is recognized as the greatest bear hunter in Licking county, not even barring Jack Halliday.

Mr. Riegger took his faithful hounds (which are fox hounds) and he reported that after several of his dogs were put out of commission by the big bear, Mr. Riegger succeeded after a hand-to-hand combat in overcoming the bear.

Jack Sanford has made a resolution, effective January 1st, that he will never again hunt bears, but his friends know that there is a place paved with just such resolutions.

CHRISTMAS.

(By Chas. E. Hughes.)
This Christmas, the gladdest day of the year
The day that our Saviour was born.
The children romp round with their childish glee,
Over their treasures this beautiful morn.

The grandmother sits quietly by the fire,
Thinking of the days of yore
Of the self-same scene that once
Have transpired.
And still herself is a child once more.

Outside the world is busy with joy,
On this beautiful Christmas morn.
Peace on earth, good will to men
Is the cry.
On this day was the Christ-child born.

Then from the misty towers the bells
Sounded loudly,
Proclaiming the good news of the land.

And from the manger a prayer is uttered,
Of peace and good will to men,
That all the world may be united.

Union suits.

The Y. M. C. A. basketball team will play the Columbus "Reps" at the Y. M. C. A. tonight, and a fast game is expected. The "Reps" have not lost a game this season, and will try to defeat the Newark team.

The "Y" team will be speedier this year than last and as this is their first game a large crowd is expected. The game will be called at 8:30 sharp.

SOLICITING TRADE IN DRY TERRITORY VIOLATION OF LAW

Columbus, Dec. 21.—Affirmations of the circuit court were ordered by the supreme court in two important cases, each of which has to do with the Rose county local option law. The most noted of these comes from Knox county, where W. M. Hayner, a liquor dealer of Dayton, was given a fine of \$500 for soliciting trade through the mails in dry territory. Hayner pleaded not guilty, and upon being convicted, after he waived a jury trial, appealed to the circuit court.

The chief contention was that there could be no violation since the solicitation was through the mails. The circuit court affirmed the court of common pleas and now the supreme court stands by the decisions of the courts below. This case is being eagerly watched through the state and is of particular interest to liquor dealers who send circulars through the mail into dry territory, soliciting trade, although they live in territory other than that where they seek business.

The other case is that of Walter Scheu, manager of the Tuscarawas Valley Brewing Company, who was arrested for selling beer in lots of more than a gallon from his plant at Canal Dover. Scheu, it was held by the common pleas court, did not violate the Rose county option law, although Tuscarawas county voted dry. This decision was rendered by the late Judge Boston G. Young. The circuit court reversed this decision, and the supreme court now affirms that tribunal.

PARISIAN SAGE

This Great Hair Grower Now Sold All Over America.

What do you think of the liberal proposition that the Parisian Mfg. Co. of Buffalo, N. Y., American makers of Parisian Sage are putting up to the readers of the Advocate?

They know: they are absolutely certain that they have the only real hair grower, beautifier and dandruff destroyer on the market today, and knowing this they have requested Evans' drug store to state to every reader of the Advocate and to every person living in Newark and vicinity that he guarantees Parisian Sage to remove every trace of dandruff, to stop falling hair and itching scalp, or money back.

And every one who reads this important announcement should know that Parisian Sage makes hair grow, not only abundantly, but gives it that lustrous appearance that all desire.

Women will find Parisian Sage the most refreshing and ideal hair dressing, free from stickiness or grease. Large bottle 50 cents at Evans' drug store, and druggists everywhere.

"I have used Parisian Sage for some time and think it has no equal as a hair beautifier and scalp cleaner. No more dandruff or faded hair, thanks to Parisian Sage."—Mrs. William Hoglund, Sault Ste Marie, Mich., June 2, 1910.

DR. E. W. HUNT OF DENISON IS RENDERED UNCONSCIOUS BY FALL ON AN ICY HILL

SUFFERED MUCH DURING THE NIGHT AND ATTENDING PHYSICIANS SAY IT WILL BE SEVERAL DAYS BEFORE HE CAN LEAVE HIS BED.

Well Known Granville Resident Drops Dead Near the T. & O. C. Depot—Statistics of Denison University Based on Report of the United States Commissioner of Education.

Granville, Dec. 21.—Dr. E. W. Hunt, president of Denison university, had the misfortune to meet with an accident Tuesday evening from which he sustained injuries of a very severe nature. Dr. Hunt, in company with Dr. Handley, had accepted invitations to take supper with the training club, and were on their way to the club house, having reached the foot of the hill, when Dr. Hunt slipped and fell heavily to the ground, falling on his back and the right side of his head struck the ground with great force, rendering him unconscious. Dr. Handley immediately secured assistance and the injured man was taken in a carriage to his home on the hill, where Drs. Thompson and Follett were called and did everything possible for him. The doctor remained in a dazed condition during all of the night, but Wednesday morning realized his condition. During the night he had a severe hemorrhage of the right ear, and the hemorrhages continued Wednesday morning, although not so severe as they were. The attending physicians are unable at this time to state what the outcome will be, although they give it as their opinion that it will be some days before he will be able to leave his bed.

Mr. Edward Beem, an aged and well known resident of Granville, dropped dead on Tuesday, near the T. & O. C. depot. Mr. Beem, who has been living in the old car, rear of the St. Luke's Episcopal church for some time, had gone down to the railroad on Tuesday for the purpose of getting some coal, which he had loaded on a small sled, and had started to pull it up the hill, being assisted by another man, when he suddenly fell over and expired almost instantly. The deceased was aged about seventy-five years. He is survived by one sister, Miss Beem, of the village, and one brother, David Beem, a niece, of Centerville. The funeral services will be held on Thursday, but at what hour is not known at this time.

Following are some very interesting statistics regarding Denison University, which are based on the report of the United States Commissioner of Education for 1909:

At present the productive endowment of Denison is \$750,000. This puts Denison ahead of such institutions as Wooster, Kenyon, Wittenberg, Ohio University, Oberlin, Miami, Marietta and others of this class. Denison now has a total income of \$120,000 a year. This means an income of

\$200 per student. In this respect it outranks Oberlin, Reserve, Wesleyan, Wooster, Marietta, and of course, the smaller institutions.

The scientific apparatus of Denison in 1909 was valued at \$125,000. It would be close to \$140,000 today. But using the former figure it means that Denison has an equipment equal in value to \$215 per student. In this respect Denison stands second highest in the state, technical schools not included. It is ahead of O. S. U., by \$33 per student; ahead of Ohio Wesleyan by \$104 per cent; of Western Reserve by \$24; of Oberlin by \$16; of Wooster by \$19; and of Marietta by \$29 per student. Denison's new observatory is a valuable addition to the educational plant. It is a marble building of more than ordinary attractiveness, and is most up-to-date in all its equipment. The geological laboratories are unequalled anywhere in the state, and the equipment work in Physics is particularly good. In some respects it cannot be excelled in the state or in any other.

Miss Nellie Weiser of Newark, is visiting relatives here for a few days.

Miss Bessie King of the Sharon Valley, near Newark, who has been quite sick for some time, is reported as being considerably improved at this time.

A special meeting of Center Star Lodge of Masons will be held this evening for work.

Harry Beehower, who has been with the Logan Glass company for some time, has accepted a position with Fred Siegel, the meat merchant.

Spring Valley Lodge, Daughters of Rebekah, will meet tonight when there will be work in the degree.

The Christmas rush is on at the express office and the postoffice. Already the duties of the employees have been greatly increased by packages and holiday mail and express and it is more than probable that additional assistance will have to be secured before the end of the week.

There is something in the very season of the year that gives a charm to the festivities of Christmas. In the death of winter, when nature lies despoiled of her charms, we turn for our gratifications to moral sources. Heart cheereth unto heart, and we draw

FARMER'S WIFE HAD HEAP TO DO

Mrs. Shepherd Was in Bad Shape When She Could Not Stand on Her Feet.

Durham, N. C.—"I am a farmer's wife," writes Mrs. J. M. Shepherd, of this city, "and have a heap to do."

"Four months ago I could not stand on my feet, to do anything much, but at this time I do the most of my work. I took Cardui and it did me more good than all the doctors."

"You don't know half how I thank you for the Cardui Home Treatment. I wish that all women who suffer from womanly trouble would treat themselves as I have."

Ladies can easily treat themselves at home, with Cardui, the woman's tonic. It is easy to take, and so gentle in its action, that it cannot do anything but good.

Being composed exclusively of vegetable ingredients, Cardui cannot lay up trouble in your system, as mineral drugs often do. Its ingredients having no harsh, medicinal effects, and being non-poisonous and perfectly harmless, Cardui is absolutely safe for young and old.

Ask your druggist. He will tell you to try Cardui.

WANT PHYSICAL VALUATION OF THE RAILROADS

Washington, Dec. 21.—Urgent demand for the enactment of a law providing for the physical valuation of railroads is the feature of the annual report of the interstate commerce commission submitted to congress today. The railroad law passed last June is credited with having corrected defects and caused improvement in government regulation of railroads. The report says the fight against discrimination is by no means won as practices remain which are more insidious and more difficult to correct than open rebating.

Tonsiline Cures Sore Throat

The throat is one of the most delicate parts of the body. It is also one of the most important, and should be given the best possible care. The air we breathe, the food we eat, the liquids we drink, all pass through it. It is very easily affected by cold, strain, exposure, etc., and Sore Throat is therefore one of our most common ailments. Strangely enough, it is also one of the most neglected.

Sore Throat is a very serious matter, for the whole system is in danger in consequence of it.

Every Sore Throat patient is a candidate for Tonsiline, Quinsy, Diphtheria and other serious or fatal diseases, all of which can be prevented by the timely use of the Sore Throat by the use of TONSILINE.

If taken in time a dose or two will do it. TONSILINE is made to cure throat diseases and nothing else. It is the one remedy for this purpose sold largely in the United States. Every user endorses it; every physician, knowing its virtues, commends it.

The one most important thing to remember about TONSILINE is the fact that it really does cure Sore Throat.

YOUNG MAN CAUGHT WITH THE GOODS ON

Enters Schimpf Grocery and is Confronted by Officers as He is About to Tap Cash Box.

Having missed cash from his hiding place in a box under his counter, Mr. Frank M. Schimpf, proprietor of the Schimpf grocery on Hudson avenue, corner of Oak street, called the aid of the police. After several nights spent in vain watching for the intruder, Police Captain C. O. Burd captured the man at 2 o'clock Wednesday morning and found him to be a well known man about town.

The capture was more or less dramatic. The intruder had propped himself in some manner with a key to the store and was permitted to enter and make his way to the hiding place of the cash box when the policemen scented from their hiding place and ordered him to throw up his hands.

He was taken direct to the city prison.

For the past year or so Mr. Schimpf has been missing cash from the box in fairly large amounts. The total amount taken is estimated at no small figure. A few days ago he enlisted the aid of the police. The last night work failed to bring any results until the arrest of the intruder early Wednesday morning.

For the present, Mr. Schimpf declines to prosecute the young man and the disposition of the case is within the discretion of the arresting officer, Captain Swank. As the captain has been called to Marine as a witness in a murder trial his course of action remains to be seen.
